SULTAN CRAIG—This son of the VanNatta Trophy winner, Craigeassie Pennsylvania was the 1966 Champion of the Kentucky Show and Sale. He comes from the Hollis Hanson herd who has produced winner after winner. With the purchase of Benefactor's Welcome, an All-American nominee, from Penn State, we find ourselves able to spare this young herd sire. We think you'll find him a very correct, good-footed, deep-quartered bull. The May heifer in our show string by Sultan is the thickest heifer we showed this year.

ELMDOWN ROYAL HARMONY 12th—A very masculine bull with a good head. He stands on a good set of feet and legs. He is a heifer's first calf but has plenty of size. His mother is a granddaughter of Kinellar Napoleon. With Calrossie Troubadour, Drynie Wonder, Edellyn Royal Leader, and Bulldozer all in his pedigree, we feel he should make a good sire. He will put size and thickness in his calves.

ELMDOWN JILT 21st—This is a very flashy heifer from one of our best cows. One of her calves was the Grand Champion steer in our Ohio Show A Calf in 1966. A granddaughter of this cow was the top open heifer in Royalty Farms sale last fall. This heifer's imported sire, Glastullich Royal Harmony, was imported by the late Otto H. Grosse. A bull by the same cow, Fernwood Lord, sold for \$2050 at the top of their 1967 sale. The mother of this heifer was sired by a son of Drynie Wonder, and the grandmother by imported Crichton Omaha. The next sire is a son of Edellyn Royal Leader. With such sires in her pedigree she should make a top brood cow. Vaccinated.

ELMDOWN NONPAREIL 2nd—A very pleasing heifer from a wonderful cow family, this Nonpareil family was one of the attractions in the last sale of the late Dwight Griffith. This line is a great producer of females. I bought the grandmother of this heifer at Al Roberts dispersion sale in 1964. I now have five females and have sold two bulls and have a bull calf at home. The top half of this pedigree is all Louada breeding and needs no comment. With this kind of breeding and with Glastullich Royal Harmony and Kinellar Napoleon also in her pedigree, she should be a good cow. We recommend her very highly for a 4-H project. Calfhooed vaccinated.

This white, heifer, a future summer yearling looks the part of a show heifer already. Her sire is a winner himself and we showed his calves this summer.

MEMO

STANDARD GUARANTEE

Of American Shorthorn Breeding Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or not allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any other animal later substituted.

5. All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bang's Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.

6. Certificate of Registry and Transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All prospective buyers should check health requirements of their states.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificate of Bang's Calfhood Vaccination, and those that are not from Accredited Herds have passed a clean Tuberculin Test within the same period. Health Certificates will be provided with each lot sold.
